## Register for an Artstor User Account

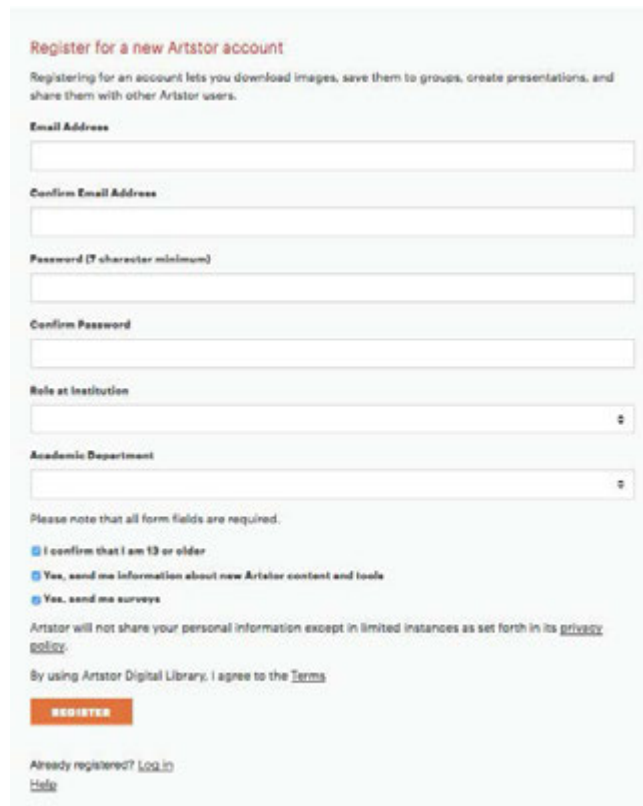

### *Before You Start*

Go to [library.artstor.org](http://library.artstor.org) to access Artstor. If you are off campus, use this proxy link:

**<http://databases.library.jhu.edu/databases/proxy/JHU03382>**

### *Sign up for an Account*

Go to [library.artstor.org](http://library.artstor.org). Click the link to **Register** in the upper right corner of the Artstor Digital Library landing page. Then, fill out the new account form using a valid email address.

The screenshot shows the 'Register for a new Artstor account' form. It includes fields for Email Address, Confirm Email Address, Password (7 character minimum), Confirm Password, Role at Institution, and Academic Department. Below the form, there are checkboxes for 'I confirm that I am 13 or older', 'Yes, send me information about new Artstor content and tools', and 'Yes, send me surveys'. A note states that all form fields are required. At the bottom, there is a 'REGISTER' button and a link for 'Already registered? Log in'. A 'Help' link is also present at the very bottom.

Why do I need an Artstor registered account?

- ✓ Only registered users can download content from the Digital Library.
- ✓ With your account, you can create Groups which can be shared, exported, and presented fullscreen.
- ✓ Remote access is even easier - with a registered account you can login from anywhere for up to 120 days.

## Searching in the *new* Artstor

### Keyword Search

Keywords searches can be narrowed using quotes around a phrase, or expanded using wildcards.

Underscore: **m\_net** will retrieve “monet”, “manet”

Exact phrase using quotes: “le moulin de la galette”

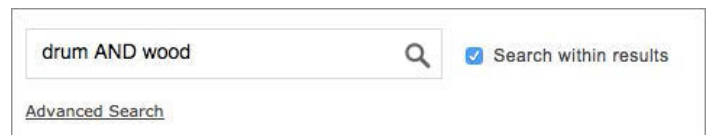

Asterisk: **ren\*** will retrieve “rene”, “reni”, “renoir”, “rendering”, “renaissance”, etc.

### Search within results

Use this option to apply more keywords to your existing search

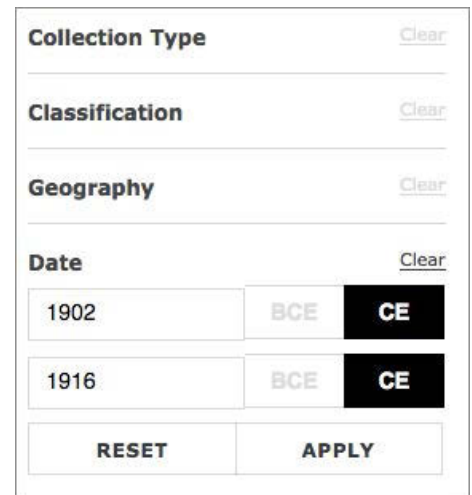

Type over the existing text in the keyword search box, click the box to search within results, then click enter or the magnifying glass

### Use the filtering panel

Apply further criteria to your search by making selections in these categories

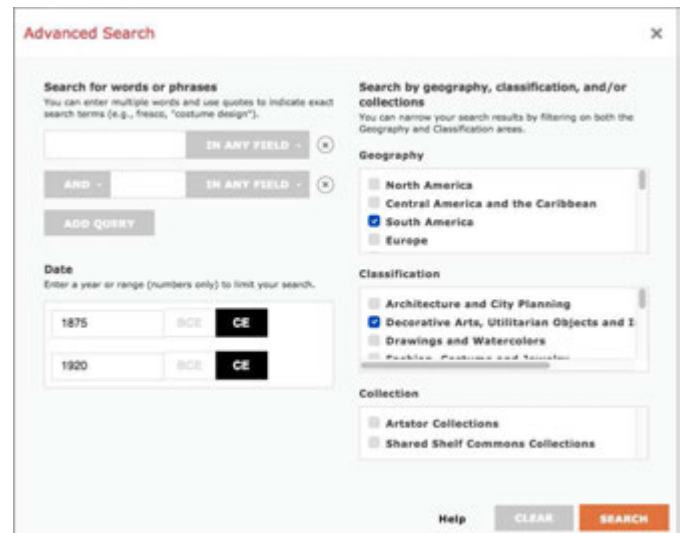

Click on available criteria to apply them. Remove using the **x** or the clear button. In the new date filter make sure to click BCE or CE for desired date ranges.

### Advanced Search

Construct an advanced search, now without entering any keywords!

Enter criteria for date, geography, classification and/or collection. Optionally, enter keywords, apply them to a specific field and build the search using boolean operators.

# Searching the JHU Visual Resources Collection in Artstor

There are multiple ways to find images from the JHU Visual Resources Collection in Artstor. Go to [library.artstor.org](http://library.artstor.org) to access Artstor. If you are off campus, use this proxy link: <http://databases.library.jhu.edu/databases/proxy/JHU03382>:

1. Within any Artstor Search:

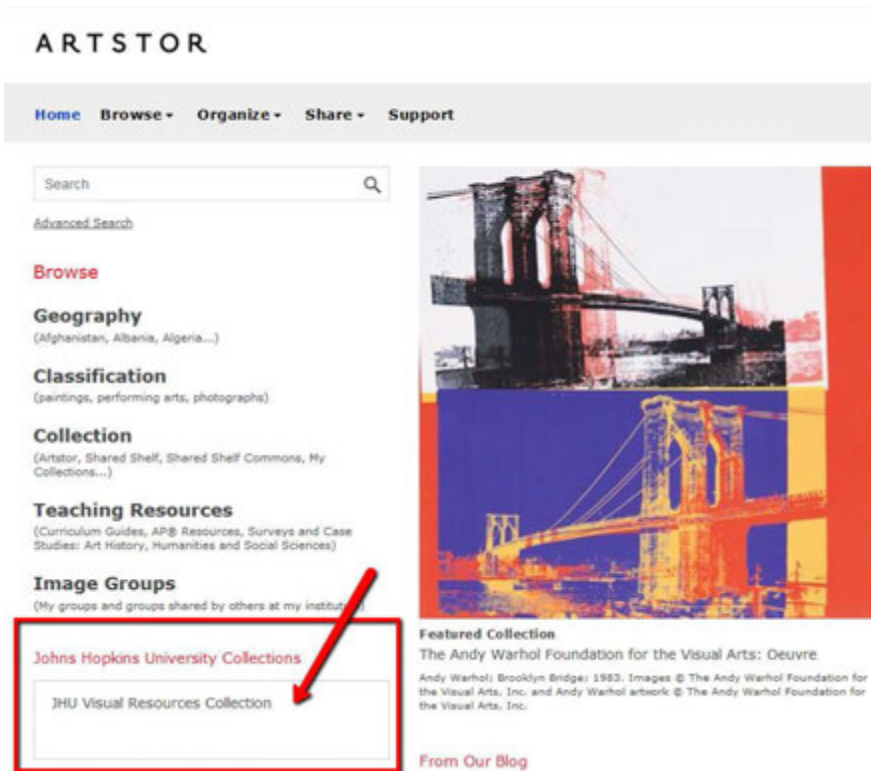

The screenshot shows the Artstor search results page for the query 'manzoni achrome'. The search bar at the top contains the text 'manzoni achrome' and shows '41 results for manzoni achrome'. The results are displayed in a grid of image thumbnails. A red box highlights the search bar and the result count. Another red box highlights a specific result, 'Achrome Piero Manzoni 1957', with an arrow pointing to it from a box labeled 'Artstor Collection Images'. A third red box highlights a group of results, including 'Achrome Piero Manzoni 1958-1959', with an arrow pointing to it from a box labeled 'JHU Visual Resources Collection Images'. The interface includes navigation tabs like 'Home', 'Browse', 'Organize', 'Share', and 'Support', and filter options for 'Collection Type', 'Classification', 'Geography', and 'Date'.

The diagram illustrates three categories of image sources, each with a red-bordered box and an example image with its corresponding icon:

- Artstor:** Represented by a red-bordered box containing the word 'Artstor'. Below it is an image of 'The Big Blue Bug' with a small grey square icon containing a white letter 'A'.
- Shared Shelf Commons:** Represented by a red-bordered box containing the text 'Shared Shelf Commons'. Below it is an image of a sculpture with a small white square icon containing a grey letter 'S'.
- JHU VRC:** Represented by a red-bordered box containing the text 'JHU VRC'. Below it is an image of a 'SPAM' can with a small grey square icon containing a white letter 'S'.

**NOTE:** Artstor Collection images are indicated by a small grey square icon with a white letter A. JHU Visual Resources Collection images are indicated by a small grey square icon with a white letter S. Images from Shared Shelf Commons are indicated by a small white square icon with a grey border and a grey letter S.

Note: You may also filter your search results by JHU Collections or Institutional Collections.

### FINDING IMAGE ORDERS:

If the VRC has created images for you, you will be able to access them in Artstor. Contact VRC staff for help finding a specific order. Access our interactive pdf order form at <http://arthist.jhu.edu/wp-content/uploads/sites/40/2017/08/JHU-Visual-Resources-Collection-Digital-Image-Request-Form.pdf>

If you are searching for a recent VRC accession number, use quotes around your search. ARTstor treats underscores as wildcards. Example: “vrc2017\_0001”

## Download Artstor Digital Library images

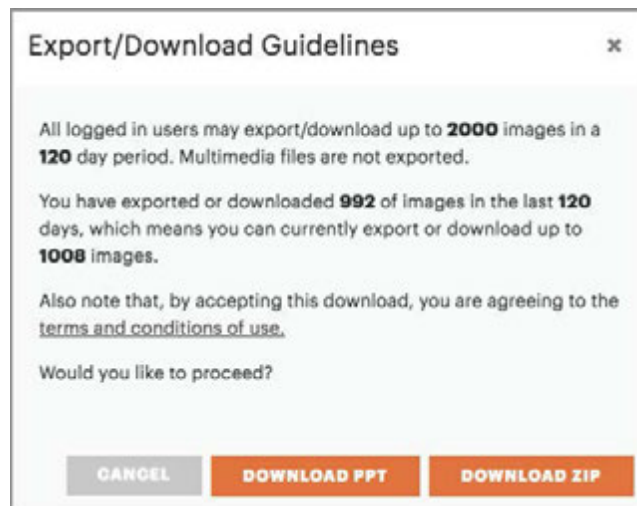

1. Start by logging at [library.artstor.org](http://library.artstor.org) using your registered user account. To create an account you must be on campus, or authenticated through our proxy link: <http://databases.library.jhu.edu/databases/proxy/JHU03382>  
Only registered users can take advantage of saving and exporting image groups.
2. Then, make a Group: conduct a search then activate select mode by clicking  **Select** to choose multiple items.
3. Once you have selected a few items, save them into a Group, by going to **Organize > Save selections to New image group**.
4. In the dialog window, name your group, add a description, check the box to share with others or leave it blank for it to remain private, add tags to enhance discoverability.

The screenshot shows a 'New Image Group' dialog box with the following fields and options:

- Title:** A text input field with the placeholder text 'Give your image group a title...'.
- Description:** A text input field with the placeholder text 'Give your image group a description...'.
- Share this group with your institution**
- Tags:** A text input field with the placeholder text 'Add a tag...'.
- Buttons at the bottom: **CLOSE** (grey) and **SAVE CHANGES** (orange).

5. Click **Save Changes**; then choose **Go to group**. *If you return to search, make sure to open your group as the last step to be able to then export it.*
6. Click  **Download** on the utility bar, then choose **Download PPT** or **Download ZIP**. Make sure you know your web browser's download destination file.

The screenshot shows an 'Export/Download Guidelines' dialog box with the following text and buttons:

All logged in users may export/download up to **2000** images in a **120** day period. Multimedia files are not exported.

You have exported or downloaded **992** of images in the last **120** days, which means you can currently export or download up to **1008** images.

Also note that, by accepting this download, you are agreeing to the [terms and conditions of use](#).

Would you like to proceed?

Buttons at the bottom: **CANCEL** (grey), **DOWNLOAD PPT** (orange), and **DOWNLOAD ZIP** (orange).

# ARTSTOR

A PEERLESS IMAGE RESOURCE. A POWERFUL SET OF TOOLS.

## Using the New Artstor Viewer

One of the new Artstor features is its IIIF viewer (IIIF, pronounced Triple-I-F, stands for International Image Interoperability Framework. There are many benefits to IIIF, including fast, rich, zoom and pan delivery of images. Visit the [IIIF FAQ page](#) for more information). From the viewer you can save image urls, download individual images, print images, and present images.

From your search results page, click on an image to open it in the viewer.

In the viewer you can zoom in, link to images, download individual images, print images, and view the full metadata. You may also return to your results page.

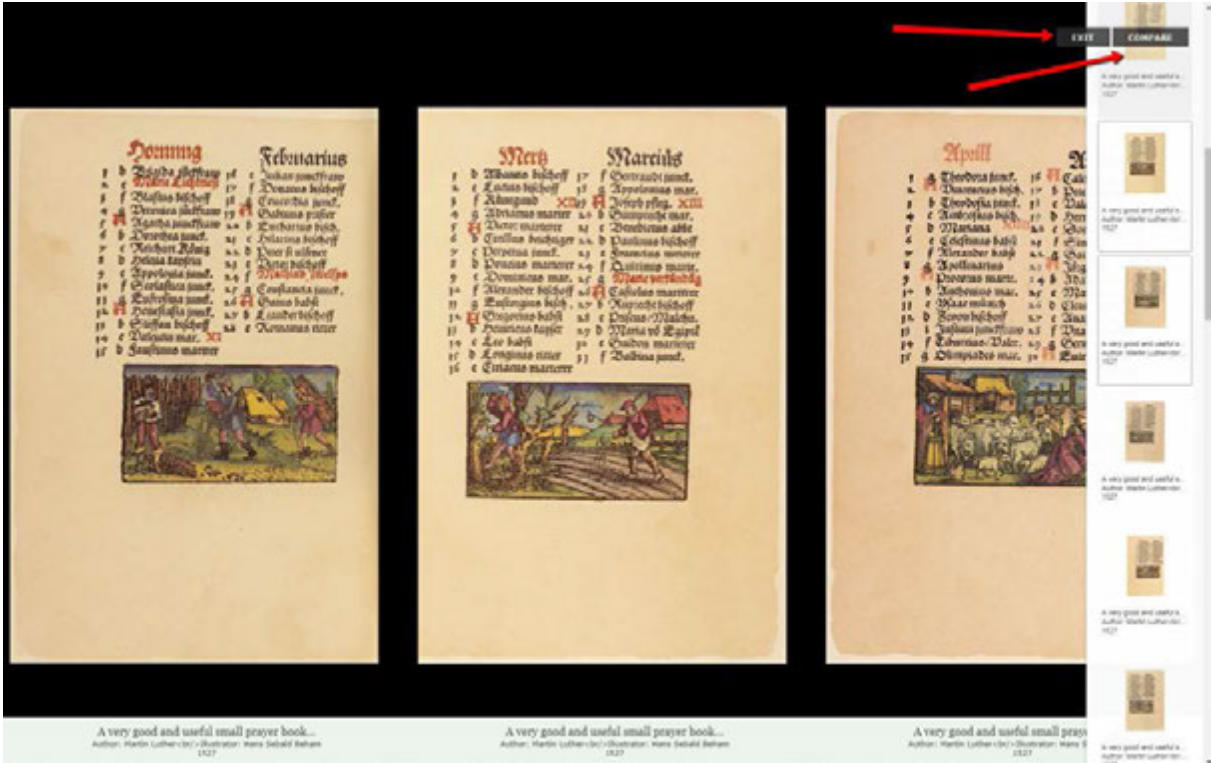

Hovering over the image will give you an additional menu at the upper left of the viewer. Use the icon on the far right to enter Full Screen mode.

In Full Screen mode, you can enter Compare mode where you will be able to compare images from the first page of your search results or Image Group.

In Compare mode, select as many images as you like. Click the Compare button again to close the Compare panel. You are able to zoom in on the images in Compare mode. This mode can also be used for classroom presentation.

Note: You are able to open the viewer in a new tab by right clicking, but if you do so you will not be able to access the rest of your search results in Compare mode.

Note: In the old Artstor clicking on images in your search results would select them. To select images now, you must enter Select mode by clicking on Select. Click on Select again to leave Select mode.

## Features of the Artstor Digital Library

### Access

In your web browser, navigate to [library.artstor.org](http://library.artstor.org) to access Artstor. If you are off campus, use this proxy link: <http://databases.library.jhu.edu/databases/proxy/JHU03382>. You can now search and browse content in the Digital Library.

Registered Users can download content, create and export Groups, and share links to content.

### Search

Keyword searches can be narrowed using quotes around a phrase, or expanded using wildcards.

Use Search within results to apply additional keywords to your existing search. Apply further criteria to your search using the Filtering panel.

Construct an Advanced Search, with or without entering keywords.

### Organize

Groups are saved selections of items that can be edited, tagged, shared with others, downloaded, and have descriptions added to them.

Tags can be used to keep your Groups organized. Applying a tag or multiple tags to a Group, make it even more discoverable. When viewing lists of Groups, you can filter them by clicking on Tags.

### Share

Use links to share single items, groups of items, and collections, with other users at your institution. These links can be shared via email, a course syllabus, or embedded in an LMS or course website.

Print a Group to quickly make study flashcards for offline classroom activities. Download an image for use in a paper or project, or download an entire Group straight to PowerPoint.

### Interact and Present

On the Detail Page, interact with images and media, view the full metadata, plus link, download, and add to Groups.

Present in fullscreen to zoom and pan into an image and compare it with other content from a search, your opened Group, or an opened collection.
